

How to use Sell Sheets

Using Adobe Acrobat Reader Pro:

- Open Document with Adobe Acrobat Pro
- Click on the “Edit PDF” button

- All text objects in the document should now be editable
- Select the text box “Enter your price here” and input the price you wish to sell at
- Once you have added all the pricing on pages 3-8, click on the save icon, or click “File” and select “Save”

Using Adobe Illustrator:

- Open either the PDF file or AI file in Adobe Illustrator
- Click on the text area you wish to edit
- Select the text box “Enter your price here” and input the price you wish to sell at (Tip: if you have special styling or brand colors, you can modify this document to fit your style guide)
- Once all the desired content has been modified, click “Save As”
- Save the document as a PDF
